***DETAILED ACTION***

1. Claims 1-10, 12-33 are allowed over the prior art of the record.

***Reasons for Allowance***

2. The following is an Examiner's Statement of Reasons for Allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular combination of the bond strength testing system as presented in the independent claims 1, 13 and 20. Major emphasis is being placed upon the provision of a specific "stress load" applying control system in combination with other limitations of the said claims and their dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Although some references may show ultrasonic bond characteristics testing, but none show a specific controlled stress load applying system.
